

December 8, 2008

To whom it may concern,

We have been working with Exhibit and Display Consultants for 1.5 years. The EDC team provides outstanding exhibit management and procurement services. Here is why I make this claim:

The first time I spoke with Brett Lipeles, the company president on the phone, he suggested that I could get the entire exhibit that I need for 1/3 the budget that I had available. He carefully analyzed our past bills and was able to show me how professional exhibit management could save us 30% at the first show that he attended on our behalf all the while working with our existing suppliers. He did indeed provide us with this savings beginning with the very first show.

We have since had two custom exhibits manufactured for us. Brett and the EDC staff helped us specify and procure the manufacturer for these exhibits. He personally negotiated the cost of these exhibits and has since stayed on as consultant to manage all of the logistics and services associated with running these display booths.

EDC helps us to manage maintenance of these exhibits and manage exhibit related costs with trade show cost summaries, one statement billing for each show and by creating and managing cost saving suggestions and strategies.

EDC's help allows me to function as the Communications Director for a fortune 1000 company without full time trade show coordinators. I wholeheartedly recommend EDC to you if you want to save money and know that someone is managing your trade show projects and properties just as you would yourself.

Sincerely,
